Professional & Cultural Exchange Opportunities in the U.S.

Cultivating Global Citizens!

**“The making of peace is a continuing process that must go on from day to day, from year to year, so long as our civilization shall last.”
U.S. Senator J. William Fulbright**

Ambassador Pamela Spratlen

“The importance of exchange and open mindedness that comes when you have the opportunity to go someplace very different when you are young. Some of my favorite staff in the Kyrgyz Republic were the ones who had participated in [BridgeUSA].

Everywhere I went when I met somebody who had been on [BridgeUSA], I always had a special place in my heart for that person. The people are very self-sufficient, they have good colloquial English and it’s a great way to connect to the world.”
